

Bloomington Argentine Tango Organization

Born along the banks of Río de la Plata more than a century ago, ARGENTINE TANGO is among the most dynamic and sensual dances ever created. The Bloomington Argentine Tango Organization is dedicated to the dissemination of Argentine Tango's musical and dance traditions. Our group meets twice a week for friendly and relaxed classes. We welcome students and members of the community. No dance experience and no partners needed! "Drop in" any night.

For more information about Tango in Bloomington, start dates for new series, and upcoming events, please visit www.bloomingtontango.net.

Footwear Recommendations

- Shoes with leather, suede, or hard soles that slide easily
- Shoes with laces or secure straps
- For followers, protect your toes with closed-toe shoes

Milongas

BATO hosts a monthly milonga (Tango social dance) for dancers to come and dance what they have learned in the classes. It is a great way to enjoy and participate in the music, dance, and community that make up Argentine Tango.

Please come with your friends to our milongas held monthly. See our website for the location of our upcoming milonga!
